BRIEF ABSTRACT OF LETTER.

Submits for early consideration and orders, a draft of a set of Rules to regulate the Training, employment and promotion of Compounders.

NOTES AND ORDERS.

1) The Senior Surgeon states that in the Madras Medical Service the scale of pay of Compounders was increased from Rs 12, 15, 18 and 20 to Rs 15, 18, 21 and 25 respectively with effect from 1st March 1918; but it has become difficult to secure recruits to this branch of the Medical Department as there are now 20 vacancies in the grade of Compounders and no qualified applicants are forthcoming on account of the scale of pay being very low, viz., Rs 8, ~~10~~ 12 (16 years), Rs 10 (16 years), Rs 12 (16 to 20 years) and Rs 15 (16 to 25 years and upwards). With a view to make the pay sufficiently attractive he recommends that the scale of pay may be revised as follows:—

16 years — Rs 15
16 to 20 years — " 18
16 to 15 years — " 21
over 15 years — " 25.

Rajakarya Pravina

Rao Bahadur T. V. Arumugum Mudaliar, Esq., M. B., C. M., Ad 93-18-1

Senior Surgeon with the Government of

H. H. the Maharaja of Mysore, Bangalore.

To

The Chief Secretary to the Government of

His Highness the Maharaja of Mysore,

Bangalore.

Sir,

The present scale of pay of Compounders, viz., a start of Rs.8, with an increment of Rs.2 after 3 years' approved service, another increment of Rs.2 after another period of 3 years' approved service and a maximum of Rs.15 to be reached after a total service of ten years, was fixed by Government in their Proceedings No.13250-1-Mis.1962, dated 8th June 1896, and has continued the same for the past 23 years, while the pay and prospects of Medical Officers and Subordinates have undergone revision from time to time.

In the Madras Medical Service, which has all along been our guide, every improvement in the prospects of Sub Assistant Surgeons has been followed by a corresponding improvement in the prospects of Compounders. Thus, the scale of pay of Compounders, which was Rs.9, 12, 15 and 18, for the 4th, 3rd, 2nd and 1st class, respectively, till 1911, was increased in that year (February) to Rs.12, 15, 18, and 20, and a further increase to Rs.15, 18, 21 and 25, respectively, was sanctioned with effect from 1st March 1918.

The result is that it has beeome difficult to secure recruits to this branch of the Medical Department in Mysore. The minimum pay of Rs.8 is no better than the pay of a surgery cooly. When applications were called for in pursuance of G.O.

No.8367-8-Med.122-16-2, dated 28th June 1917, sanctioning 16 scholarships of Rs.8 per mensem, not a single applicant came forward who could boast of the English Lower Secondary qualification. There are now 20 vacancies in the grade of compounder and no qualified applicants are forthcoming.

With a view to make the scale of pay sufficiently attractive to candidates possessing at least the English Lower Secondary qualification, I have the honor to recommend the revision of the scale of pay of compounders as noted below.

Present scale.		Proposed scale.	
First three years	Rs.8	1 to 5 years' service	Rs.15
From 4 to 6 "	" 10	6 to 10 -do-	" 18
From 7 to 10 "	" 12	11 to 15 -do-	" 21
From 11 to 20" & upwards ---	" 15	Over 15 years	" 25

Following the analogy of the higher branches of the medical service, I recommend that a sex-allowance of Rs.5 be fixed in the case of female compounders.

The average pay of a compounder according to the proposed scale will be Rs.20, against the present average of Rs.11½, and will result in an increased cost of Rs.8½ per mensem per compounder. The sanctioned strength of Compounders is 167 of whom 21 are serving in institutions maintained from State Funds and the remaining 146 from in those maintained by District, Municipal, Railway, Palace, Public Works, and other Funds. The total additional cost to the Medical Dapertment Budget will thus be Rs.2142 per annum and to the other departmental budgets, to Rs.14892.

To place the grade of compounders on a satisfactory basis and to ensure proper recruitment of the same, I submit a draft of a set of Rules to Regulate the Training, Employment and Promotion of Compounders, for the early consideration and orders of Government.

I have the honor to be,
Sir,
Your most obedient servant,

Sir,

Adverting toyour letter No.G.21908-12 Medl.93-18-4 dated 28th March 1919 calling for my opinion to gether with the resolution of the District Board, in the matter of the grant of increased rates of pay to compounders as suggested by the Senior Surgeon in his letter No.G.O.402 dated 24th February 1919, I have the honor to state that the matter was placed before the District Board at their meeting held on 29th March 19 and it was unanumously resolved that the proposals of the Senior Surgeons ~~would~~ be held worthy of adoption.

Compounders hold a very responsible position and the efficiency of a dispensary depends to a large extent on the manner in which the compounders discharge their duties. It is quite essential to secure efficient men for such a responsible posts, and the present scale of salary does not ~~attend~~ attract capable men.

I am of opinion that the scale of pay of compounders and the rules of recruitment to the post suggested by the Senior Surgeon are necessary and may be sanctioned.

A copy of the resolution of the District Board on the subject is also herewith submitted.
